Returns and refunds

Standard return window

Customers may request a return for an unused item within 30 calendar days of the delivery date. The item must be in its original condition and include all supplied accessories. Final-sale products and digital gift cards cannot be returned.

Refund timing

After the returned item reaches our warehouse and passes inspection, the refund is issued to the original payment method within 3-5 business days. A bank or card issuer may take additional time to show the credit.

Damaged or incorrect orders

Customers must report a damaged, defective, or incorrect item within 7 calendar days of delivery. Ask for the order number, a short description, and clear photos of the product and packaging. Do not ask the customer to return the item until a support agent confirms the next step.

Order changes and cancellations

An order can be cancelled or changed only during the first 2 hours after it is placed, provided warehouse processing has not begun. After 2 hours, agents should explain that the order cannot be changed and offer the standard return process after delivery if eligible.

Delivery and tracking

Standard delivery normally takes 5-7 business days after dispatch. Express delivery normally takes 1-2 business days after dispatch. Dispatch confirmation, including a tracking link, is sent by email within one business day of a successful order.

If tracking has not changed for 10 business days after dispatch, create a delivery investigation ticket. Do not promise a replacement or refund before the investigation is complete.

Accounts and promotions

Changing an account email

A customer can change the email address on an account from Account Settings. If they cannot access the old email address, ask them to contact support from the new address and provide the last order number plus the billing postcode for verification.

Password reset

Customers should use the 'Forgot password' link on the sign-in screen. The reset email expires after 30 minutes. If the email does not arrive, ask the customer to check spam and confirm they are using the email address registered to the account.

Promotions and coupons

Only one promotional code may be used per order. Promotional codes cannot be combined with another code, applied after checkout, or exchanged for cash. A code that has expired cannot be reinstated.

Product warranty

Northstar Home products include a 12-month limited warranty from the delivery date for manufacturing defects. The warranty does not cover accidental damage, normal wear, or misuse. Customers should provide proof of purchase and photos of the issue when making a warranty claim.

Escalation guidance

Escalate cases involving threats, suspected fraud, a chargeback, legal correspondence, or a customer requesting deletion of personal data. Record only necessary case details in the support system.
